Lesson guidelines

New Round-Up is a fun, practical English grammar practice book that supplements your coursebook. It is perfect for extra grammar practice at the end of a lesson or as homework. New Round-Up is straightforward and easy to use. It is designed to be used with students who are studying English in different situations. Level 4 is for intermediate students of English.

New Round-Up English Grammar Practice is divided into eighteen units, each of which focuses on one area of grammar. Within each unit there are clear and colourful grammar reference boxes and a series of straightforward, mainly write-in activities to practise the grammar. Every second unit there is a Progress Check, which gives students the chance to consolidate what they have learned in the previous units. Throughout the book there are games, which allow students to have fun while they learn English.

This updated version provides Progress Checks and a Revision section. Use the Progress Checks to help you and your students identify the grammar points that need further explanation and practice. You can use them in two ways:

- 1. As a diagnostic test to help you identify grammar points that students have difficulty with.
- To help students identify the grammar points they need to revise and practise before they do the Revision at the end of each section.

The Revision section provides exercises which test students' progress and comprehension of grammar points and also prepares them for a test after every two units.

Your Teacher's Guide has the answer key for the exercises in the Grammar Practice book and a set of photocopiable tests with keys as well as quizzes which are to be taken at the end of each unit. These tests can save you preparation time and give your students a good idea of their progress. Students will be well prepared for each test once they have successfully completed the appropriate revision unit.

Level 4 of New Round-Up Grammar Practice is accompanied by a CD-ROM.

Using New Round-Up

Choose exercises from the Grammar Practice

book that practise or revise language that has been presented. You may want to use whole units or select parts of units. Do not feel that you have to use all the exercises in a unit.

The exercises can be used by simply following the instructions in the book and students write in the answers. Or, when there is time in class, you can use them orally first with the whole class or in pairwork or groupwork.

Oral practice

It is a good idea to do the exercises orally first, then go on to do the writing. English spelling can be confusing. By starting with oral practice, students get a chance to hear how the word sounds and concentrate on the meaning before they have to start worrying about the form.

Whole class

New Round-Up Grammar Practice includes several exercises that you can use with the whole class to work on students' pronunciation and intonation. These are especially well-suited to whole class practice because they give you a chance to check on students' pronunciation and help them improve it through student-student correction or by modelling the pronunciation yourself. The exercises that are well-suited to this type of oral practice are:

Unit 1 Ex. 2 (present simple — present continuous: Third person singular)

Unit 2 Ex. 2 (past simple — present perfect: '-ed' endings)

Give students time to look at the exercises before they have to do them out loud. Then, select students at random to do the exercises. If students do not know who will be asked to speak next, they will have to pay closer attention and concentrate on all the items in case they are chosen next.

In Unit 10 Ex. 8 (question-tag intonation) you will need to refer to the key in the Teacher's Book for the intonation patterns. Read the sentences aloud while students tick the appropriate column. Check answers then get students to produce the correct intonation.

Many of the exercises are worth using with the whole class to help them get used to oral practice. For example, Unit 9 Ex. 12 (modals: substitution table), Unit 10 Ex. 6 (question tags), Unit 13 Ex. 15

(conditionals), Unit 15 Ex. 6 (relatives) and Unit 16 Ex. 3 (reported speech) will help students consolidate their understanding of these language areas.

Pairwork

Many of the exercises can easily be done by students in pairs. Pairwork is vital because it ensures that everyone gets the chance to speak. Like groupwork, it also allows you to spend time with students who might be having difficulties. There are several different ways to vary the pairwork. Here are some examples.

- The simplest way is for the students to work together (in closed pairs) to complete the exercises orally first, then in writing. When most of the students have finished, check the answers in open pairs so that everyone in the class can hear.
 Some exercises that work well this way are: Unit 1 Exs. 5a, 20 (present simple present continuous), Unit 3 Exs. 5, 6, 8, 12 (adjectives adverbs comparisons), Unit 7 Ex. 6 (pronouns / possessives), Unit 8 Ex. 8 (past perfect), Unit 14 Ex. 6 (wishes).
- 2. Some of the exercises can be done as dialogues. First students do the exercise in closed pairs: e.g., one student asks the questions, the other replies. When they finish, they reverse the roles. Then, in open pairs, choose a student to ask a question and one to reply.

Practising the dialogues in closed pairs helps the students gain confidence and allows you to monitor and correct errors before they have to speak in front of the whole class.

Exercises that have dialogue parts and suit this type of pairwork are:

Unit 2 Exs. 12, 16 (past simple — present perfect), Unit 4 Exs. 4, 12 (will), Ex. 4 (Progress Check 2), Unit 9 Exs. 5-7 (modals), Unit 12 Ex. 14 (passive), Unit 13 Ex. 9 (conditionals).

Groupwork

 Put the students into groups to go through the exercises orally first, then to the written work together. When most groups have finished, select a few to give feedback to the class at the end. Some of the exercises that work well in groups are: Unit 6 Ex. 8 (past continuous), Unit 8 Ex. 4 (past perfect), Unit 16 Ex. 11 (reported speech). 2. Communication activities:

Unit 1 Ex. 3 (present simple – present continuous: habits) can be extended and used as a group activity by adapting the grid in the book.

- 1. Students ask and answer the questions about the grid in pairs.
- 2. They copy the grid, substituting their names for the names in the book.
- They stand up and ask each other about whether they listen to records, read magazines, etc.
- Stop the activity when they have complete information about each person in their group. Choose a few to give feedback to the whole class.

Unit 2 Ex. 7 (past simple – present perfect) and Ex. 5 (Progress Check 4) can also be extended this way. The activity gives students a lot of practice and allows you to listen for mistakes and problems.

Grammar boxes and tables

The grammar boxes and tables sum up the key points in each unit. Students can refer to these while they are doing the practice activities and later when they are revising. Encourage them to use the boxes and to reread them often. In addition to grammar reference, they also provide information on the spelling and pronunciation areas that can easily cause students problems. A comprehensive table of irregular verbs and a summary of tenses at the back of the book provide students with extra consolidation material.

Guessing new words

Students should be encouraged to use their own language and words that they already know in English to guess the meaning of new vocabulary.

In New Round-Up 4, students are able to use context to help them guess the meanings of new words. When students come across a new word they should try to decide what part of speech it is: a verb, a noun, an adjective, etc. They can then look at the other words in the sentence to determine what the word means.

Encourage students to keep a record of new vocabulary. The record should include the correct spelling of the word, the word used in a sentence and the word's meaning.

Speaking / Writing Activity (Suggested Answers) Dear Henry.

How are you? I am so excited. For the last week, I have been planning a birthday party for my sister. It's going to be a big surprise!

Since yesterday, I have been putting up the decorations and sorting out the music I am going to play. It is a lot of work but my cousin Jane has been helping me. So far, we have ordered the cake but we haven't sent out the invitations vet.

Well, that's all for now. Write back soon.

Speaking / Writing Activity (Suggested Answers) Dear Frank.

There are a lot of things you can do to lose weight.

If I were you, I would stop eating sweets. Also, I would start eating more fruit and vegetables. I would go to the gym, too. If you started swimming, for example, you would lose weight faster. Finally, if I were you, I would walk to school. This way, I would have the opportunity to exercise a little bit every day. I hope these suggestions are useful to you.

Take care,

Nick

Dear Andrew.

I've just moved with my parents to our new house. It's very nice and I love it here.

My house is very big. There is a nice garden in front of it and a large garage next to it. Inside there are four bedrooms, two bathrooms, a large living room and a kitchen.

My favourite room is my bedroom. It has got a modern desk and a comfortable bed. The view from my room is great! I can even see the park.

I expect you to come and visit me. Love.

Jim

Good afternoon students and welcome to the Jefferson History Museum. Before you begin your tour, let me tell you a little bit

about what you will see on each floor.

Here on the main floor, you will find some old photos of the town of Jefferson. People didn't use to have electricity in

those days, so you won't see any cars or modern day machines in the pictures.

Upstairs on your left, you will find tools people used to use. If you have been reading your history books, these items won't seem strange to you. And please, do not touch any of the

pieces, they are easily broken.

On your right, traditional clothing is on display. These are the actual clothes the people of Jefferson once wore. Some of

them are very beautiful.

You may want to buy a guidebook of the museum. It has

plenty of photos. It costs €5.

Finally, we are open until 4 pm. If you have any questions from now until then please feel free to ask the museum staff. They will be happy to answer your questions. Thank you for your patience and I hope you enjoy your visit.

Good afternoon students and welcome to the Greenwood Art Man:

Gallery. Before we go round, I'd like to tell you a little bit about

the gallery and the wonderful things you will see.

Greenwood Art Gallery was built by Thomas Moore in 1884. It is the oldest art gallery in the area. Here, you will find beautiful paintings and sculptures done by the artists of our town. It will give you an amazing look at how Greenwood has changed over the years.

On the 1st floor, 100 lovely paintings are on display. A few of the paintings are by Margaret Brown, who was the first female mayor of Greenwood. She loved nature. She painted pictures of the large trees that once surrounded our town.

On the 2nd floor, you will see many different kinds of sculptures. They are made of clay, rock and wood. Several are nature sculptures, but most are of people and of beautiful faces.

Cameras are allowed in the gallery. However, please do not touch any of the sculptures. Some are very fragile.

Samantha: Not too bad. Hmm, I was wondering if you could help me.

Julie:

Samantha: You joined 'Get in Shape Gym' two weeks ago, didn't you?

Julie: Actually, it's already been a month. Why? Are you planning to

join?

Samantha: Well, if I want to fit into my dress for my brother's wedding, I'll

have to do something to lose the extra weight.

Julie. Oh great! We can go together! Samantha: Of course. But, is it easy to join?

Julie: Very simple and quite cheap since we're both in college.

Samantha: Will I need my passport?

No, all you'll need is your student card and a doctor's note. Julie:

Samantha: And how much does it cost for students?

Julie: €10 a month, that's €120 a year.

Samantha: Not bad. And can I go to all the aerobics classes and use the

swimming pool and the tennis courts, too?

Julie: Yes, but you'll have to sign up earlier if you want to use the

tennis courts.

Samantha: And what about personal trainers?

Julie: You'll have to pay an extra €25 if you prefer the help of a

personal trainer.

Samantha: OK! That sounds reasonable.
